IMPACT

Hyderabad Special School (HSS) Estd: 1977

Mission: To nurture and empower children with intellectual disabilities through specialized education and skill development.

History and Evolution:

Humble Beginnings:

- 1. Started with 5 students and 2 dedicated special educators.**
- 2. Catered to children aged 5-18 years, providing individualized care and attention.**

Hyderabad Special School (HSS) Estd: 1977

Comprehensive Support System:

1. Education and training delivered by a multidisciplinary team, including:

1.1.Special Educators

1.2. Speech Therapists

1.3. Physiotherapists

1.4. Occupational Therapists

1.5. Medical Professionals

To improve their communication skills , body language and cognitive skills and apart from this HSS focus on skill development courses like tailoring , Glass painting, Computer literacy skills for further employment

Hyderabad Special School (HSS)

Achievements Over 48 Years

Impact :

- 1. Beneficiaries: 2,456 children with intellectual disabilities.**

Integration Into Normal School:

- 1. 30 students successfully admitted to regular schools.**
- 2. 130 students trained and employed as office assistants, development independence and economic self-reliance.**

Present Status (2023-24):

- 1. Enrollment: 114 students actively enrolled and undergoing education and skills training.**

Future Plans:

- 1. Focused on self-reliance through skill-based education.**
- 2. Preparing students for meaningful participation in society and employment opportunities**

Special School for Deaf (SSD)

Founded in 1986 with 8 students, SSD provides education for children aged 4 to 16 years, from pre-primary to high school. The school offers both English and Telugu mediums of instruction and is equipped with advanced hearing support systems, including group hearing aids, FM systems, and loop induction systems.

Currently, 75 children are enrolled for the 2023-24 academic year. The school follows the Telangana State Board of Secondary Education's curriculum and emphasizes both academics and extracurricular activities for holistic development.

Impact and Achievements

Graduates: Over 8153 students have completed their education.

Higher Education: Many graduates are pursuing advanced studies.

Special School for Deaf (SSD)

Key Features:

- 1. Specialized Support:** SSD has a dedicated team of Special educators and speech therapists.
- 2. Regular Assessments:** Weekly, quarterly, and annual exams track student progress.
- 3. Personalized Support:** Tailored help for students with learning difficulties.
- 4. Parent Engagement:** Monthly parent-teacher meetings foster collaboration and support.

SSD continues to empower children with hearing impairments through a comprehensive, inclusive education

Unnathi Junior College for Deaf (Co-Education):

Established in 2000, Unnathi Junior College for Deaf provides higher education and technical skills to hearing-impaired students. With a focus on empowering students for higher education and employment, the college currently enrolls 98 students for the 2023-24 academic year, aged 16-19.

Courses Offered

1.MEC (Mathematics, Economics, Commerce)

2.CEC (Civics, Economics, Commerce)

The curriculum follows the Telangana State Board of Intermediate Education.

Impact and Achievements

Graduates: **Over 4026 students** have completed their education.

Higher Education: Many graduates are pursuing advanced studies.

Unnathi Junior College for Deaf (Co-Education):

Employment:

Government: **720 students employed** in sectors like Health, Police, and Irrigation.

Private Sector: **3,000+ students work** in companies like KFC, Coca-Cola, Tata Aeronautical, Amazon, etc.

Beyond Academics

Students excel in sports and cultural activities at district and national levels. Unnathi Junior College continues to empower students for success in education, employment, and extracurricular pursuits.
